

Hello and welcome to our weekly A38 Traffic Management Bulletin.

We've almost finished our work on the A38 Fradley to Barton combined maintenance scheme. We'll need to return in May to complete some final work, which will need two nights of closures in each direction as follows:

16 and 17 May 2024 – full overnight closures, from 8pm to 6am, of the A38 **northbound** between the Hilliard's Cross junction and Barton Turns junction.

20 and 21 May 2024 - full overnight closures, from 8pm to 6am, of the A38 **southbound** between the Branston junction and Alrewas junction.

Until 17 May, on weeknights from 8pm to 6am, we'll have full southbound carriageway closures from A516 Mickleover junction to Toyota Island. A northbound lane 2 closure will be in place during these times.

From 20 May to 7 June, we'll have lane closures on the northbound carriageway between Toyota Island and the A516 Mickleover junction.

Third Party Work

Please be aware that Staffordshire County Council have some roadworks projects around the A38 in Burton. For further information on these roadworks, please use the following link

– <https://www.staffordshire.gov.uk/Highways/roadworks/eaststaffs/Overview.aspx>

We're always looking to improve the way we work. If you haven't provided your feedback then we would like to ask you to complete a short questionnaire. If you could spare just 4 minutes (maximum) and complete the survey, click [here](#).

Wishing you all a safe journey
